

PRESS RELEASE FROM 28.02.2025

Dance Educators – Travel Grant to Germany

The German Dance Association (DTD) is offering a grant for dance educators based outside of Germany who are travelling to Germany to attend advanced training programmes.

The call addresses dance educators and mediators working both within Europe and beyond. The grant is designed to facilitate their participation in movement analysis and teacher training programmes offered in Germany. The funding covers travel and accommodation costs.

The aim is to promote international exchange, networking, and qualification in the field of dance pedagogy. In 2023, the DTD first introduced a travel grant for dance educators, receiving over 100 applications due to high interest.

“This funding programme aims to enable individuals who are trained and active in dance education and dance mediation both in Europe and internationally to expand their professional expertise and engage in an inspiring exchange of experiences in Germany.”

— Claudia Feest, Jury Member

“With this funding, we are providing impetus for international exchange in dance education and dance mediation, as well as for new artistic-pedagogical networks.”

— Michael Freundt, Managing Director of German Dance Association

In the context of joint training sessions or workshops, participants will engage in a shared exchange of experiences and knowledge. They will not only learn the training content provided in Germany but also share their values and methodologies in a collaborative artistic-pedagogical setting.

The call for applications runs from **25 February 2025 to 24 April 2025**. The further education and training programmes can be attended from **1 May 2025 to 31 July 2026** and must take place in Germany. All individuals residing outside of Germany are eligible to apply.

All further information, the application form and a FAQ can be found on the [website](#).
